

## **AITS Bremen Workshop Programme**

24 February 2020

---

09:35-10:05

### **GROB – Center of Aerospace Excellence – Knowhow Brings Success!**

*Tobias Trautmann, Head of Sales Department, UM International*

*As a manufacturing solution supplier GROB consolidates its resources, expertise and decades of knowhow in Centers of Excellence for the Aerospace, Automation, Die & Mold and Medical industry to properly address market and customer requirements.*

*Teams of sales consultants, technical experts, distribution networks, application- and design engineers dedicated to each industry branch worldwide, provide guidance to reliable and cutting-edge manufacturing solutions along the (horizontal and vertical) process chain.*

*GROB's passion and ambition to be a provider of comprehensive single source solutions can navigate your project to success and beyond expectation.*

10:10-10:40

### **Express-Injection Moulding is Worthwhile Even for Small Quantities**

*Alexander Kalusche, Managing Director, ACAD Group*
